

Company profile

J. Knieriem B.V.

As an independent production company, we are active in several markets, working for a large number of various customers. We specialize in custom made products (in small to very large quantities) as well as a range of standard products.

SINCE 1843

Vehicle license plates and accessories:

- Blank plates in all sizes, colors and safety features
- 3rd plate solutions, windscreen with RFID
- Hot-print machines and presses
- Hologram machines, in-line and stand alone
- Clapper dies and embossing frames
- Custom built manufacturing lines for blank license plates
- Automatic embossing systems
- End to end solutions in high security plates

Traffic and commercial signs:

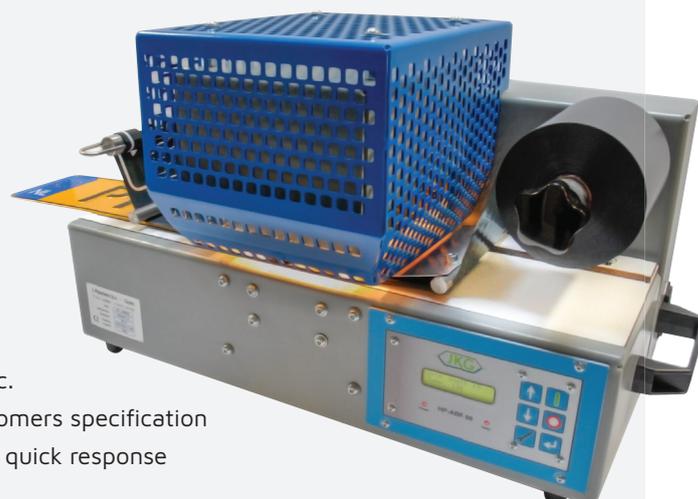

- Standard aluminum traffic signs
- Non-standard signs, folding signs
- Poles, clamps, large columns
- Embossed text plates in many colors and sizes

Vehicle markings:

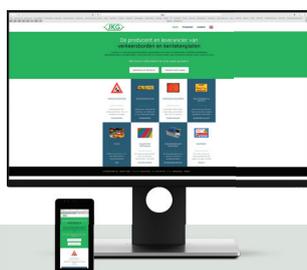

- TIR, ADR-plates, also folding
- Agricultural vehicle signs
- Exceptional transport markings

Plastic injection moulding:

- Many types of plate holders
- Clamps, displays, hooks, caps etc.
- Small technical products on customers specification
- Own mould making department, quick response

- Our products are only sold to distributors in several branches. We do not sell to, or contact end users.
- With our strong team of about 50 employees we are able to respond quickly and flexible to the requests of our customers.
- A long company history (JKG was founded in 1843) means that a wealth of experience is available today. Our aim is to build a long term relation with our customers.
