

PENSKE LOGISTICS KEEPS YOUR BUSINESS MOVING FORWARD

Penske Logistics offers end-to-end airfreight solutions that deliver control, reliability and global supply chain experience.

GLOBAL CAPABILITIES

Penske Logistics has extensive experience successfully establishing operations in new territories and a proven ability to transfer knowledge across geographies and cultures. We're committed to serving our customers anywhere, meeting the needs of suppliers, manufacturers and retailers around the globe.

THE BUSINESS OF LOGISTICS

To help customers overcome their logistics challenges, Penske delivers innovative solutions using a results-oriented approach. Our supply chain services can be tailored to your operations, production and market demands — no matter what your industry.

Multi-Destination Freight Brokerage

By sharing volume to many destinations we can provide you with an airfreight solution for any kind of traffic, at competitive rates.

Co-Loading

Leverage our AWB number to access Penske rates while keeping full control from booking till arrival.

Buying Power

Our global freight volume gives access to the best rates available to many destinations and accurate accounting via IATA.

Coming and Going

We fly on many well-known airlines and offer supply chain services for both outbound and inbound freight.

Full Service

Utilize our pickup/delivery services to ensure reliable movement of your freight on both ends of the flight.
